CREATE IN MICROSOFT WORD. USE FONT TIMES NEW ROMAN/11 THE TITLE OF YOUR
ABSTRACT SHOULD BE TYPED IN ALL CAPS!!
Your name ONLY in bold-first name, middle initial, last name, B, C, and D Authors (others authors
should NOT be bolded) 
Department of Biology, University, City and State of where research took place - the header should be
centered (located in paragraph- Ctrl + E) 

Justify this portion of your abstract (located in paragraph-Ctrl + J). It should contain no more than 300
words. Text should not include tables or line drawings. Material presented at Research Day must be sub-
stantively identical to that described in the abstract. Live exhibits cannot be accommodated. To ensure
proper citation in the author index, style your name consistently and list the same contact e-mail address
on all paperwork submitted. If your project uses ANIMALS, you MUST submit an official letter or copy
from the Institutional Animal Care and Use Committee (IACUC) which states that your project was re-
viewed and approved. If your project uses HUMAN SUBJECTS, you MUST submit an official letter or
copy from the Institutional Review Board (IRB) stating your project was reviewed and approved. NOTE:
Whether your project involved on or off-campus personnel as mentors, you MUST submit an abstract
submission form with mentor’s signature stating your project has been approved for submission with your
abstract. Please allow sufficient time to secure mentor’s signature in advance of the November 7 2014
deadline. ABSTRACTS WILL NOT BE ACCEPTED WITHOUT MENTOR’S/SPONSOR’S
SIGNATURE ON THE ABSTRACT SUBMISSION FORM. Text should not include tables or line
drawings. Text must include statement(s) on: The nature of the problem What is generally known already
(historical background) What was done? How it was done? What was found? What the findings means.
Remember, the body should be three hundred words or less. Poster printing is available by DEX Imaging
(School of Dentistry-Basement). All posters printed by DEX Imaging must be submitted no later than
March 6, 2015 to avoid unnecessary printing delays. Before giving your presentation, be sure to Prac-
tice, Practice, Practice! When presenting your poster, run through the key ideas that you want to
convey in advance to become more comfortable in speaking about your research.
